5. Correspondence

- a. Email received by ERYCC confirming that the Developer of the Land to the South of 57 Main Street has chosen the name to be **Wren Garth**. Upon receipt of the email the clerk replied to ERYCC, Address Management Team, requesting that the name Sykes (Dr Sykes) be kept at the top of the Street Naming List with a request from the residents of Beeford that future developers give this name first priority.
- b. In response to the email that was received from the NFU the Chairman reiterated that no decisions have been or will be made by the Parish Council in relation to the Apex roof on the Shelter adjacent to Braemar Farm. The Chairman spoke to Debbie McGurn, Public Transport Officer Thursday 7th June advising her that the re-positioning of the traffic warning sign has not yet commenced to which she advised she would ensure this would be done at the earliest opportunity, after which, confirmation to be sent by ERYCC to all parties concerned as to when the next Safety Audit will take place. The Parish Councillors have seen a number of emails which have been received from the NFU in relation to this particular shelter. It is felt by the Parish Council that the emails are unrelated to the safety aspect which is and should be the only relevant point. It was unanimously agreed by all of the Parish Councillors present that no further communication be entered into with the NFU until ERYCC have complete the relevant work and a further safety audit has taken place. Then and only then will the Parish Council be in a position to make any decision regarding the Apex roof.
