

Beeford is not a suburb
of Hull or Beverley
It is a village.

Beeford is turning into
a concrete jungle all
the bits of green and
habitat have gone.

Do you know who you're
neighbour is. They
only sleep here and
don't get involved they
just want a big house in
the country. It's down
to greedy landowners
who want to cash in there
land. When it's done they
will move on with there
profits
